Att.: Mikaela Dunderfelt
Finnish Sailing and Boating Federation

Monaco – 29th April 2021

Dear Mikaela,

At the present time, less than 60 days before the event, we have pleasure to **confirm the status of UIM European Championship, Circuit Class GT15**, of the event to be held in Rauma.

We understand that participating Teams/Drivers and Officials shall be granted entry to the country and access to the place where the EC GT15 Event will take place, without any COVID-19 specific restrictions applicable such as compulsory quarantine upon arrival.

This understanding is based on the documentation provided by the organiser, stating that Powerboating has the recognized status of professional sport in Finland and on the current status of applicable measures related to the pandemic and issued by the competent authorities, as per this date.

This information has been provided by the Organizing National Authority, the Finnish Sailing and Boating Federation.

For avoidance of any misunderstanding, the presentation of a negative PCR test, if required, is not considered to be a restriction that would entail the withdrawal of the WC/EC status of UIM titled Events.

We remain at your disposal for any further clarification you may wish to receive in this context,

Yours sincerely,

Thomas Kurth
Secretary General
